Figure 1.1	<p>“To be eligible for your ad revenue share, you must be an X Premium (Blue) subscriber. The ad money will otherwise be kept by X if you are no an X premium (Blue) subscriber. This program is open to everyone.”</p>
Figure 1.2	<p>“If you were unfairly treated by your employer due to poosting or liking something on this platform, we will fund your legal bill. No limit. Please let us know.”</p>
Figure 1.3	<p>“Our goal is to make this the best platform for creators around the world!”</p>
Figure 1.4	<p>“Immerse video on X is starting to get good. Just swipe up for next video.” “When it is excellent, it will be integrated into the main user interface”</p>
Figure 1.5	<p>“Our advertising revenue share program also applies to organization (News or otherwise who wish to participate”</p>
Figure 1.6	<p>“It’s vital that creators be able to leave our platform at any time and take their subscribers with them. We want to give peace of mind to creators that they’re not trapped here if they build a large audience.”</p>
Figure 1.7	<p>“Such a joy to work with amazingly talented people at SpaceX, Tesla, Neuralink & Boring Co!”</p>
Figure 1.8	<p>“They have no idea how hard FSD is. Only path to success imo is hardcore real-world AI software with dedicated NN inference acceleration ASICs in car, multibillion dollar NN training supercluster and 10+ billion miles of vehicle data. Good luck.”</p>
Figure 1.9	<p>"SpaceX's out of pocket cost to enable & support Starlink in Ukraine is ~\$80M so far. Our support for Russia is \$0. Obviously, we are pro Ukraine. Trying to retake Crimea will cause massive death, probably fail & risk nuclear war. This would be terrible for Ukraine & Earth".</p>
Figure 1.10	<p>"Ukraine-Russia Peace:</p> <ul style="list-style-type: none"> - Redo elections of annexed regions under UN supervision. Russia leaves if that is the will of the people. - Crimea formally part of Russia, as it has been since 1783 (until Khrushchev's mistake). - Water supply to Crimea guaranteed. - Ukraine remains neutral"
Figure 1.11	<p>“Here we go again” with a picture from his own account repost. It is a kitten picture with a clause and sentence: “I wake up” and “There is another PSYOP.”</p>
.12	<p>“Rate limited due to reading all the posts about rate limits”</p>
.14	<p>“In yet another exercise in irony, this post achieved a record view count!”</p>
.15	<p>“Now to 10k, 1k & 0.5k”</p>

Figure 1.16	“Oh the irony of hitting view limits due to complaining about view limits”
Figure 1.17	“Yes. Advertising also needs to be semantic keyword-based, so it’s contextually relevant. Amazingly, ads shown when doing twitter searches don’t consider the search words! We’re changing that as fast as possible.”
Figure 1.18	“Looks like this platform may see all time high device user seconds usage this week”
Figure 1.19	“Whatever sins this platform may have, being boring is not one of them” “affective autism > effective altruism?”
Figure 1.20	“We are working on semantic (AI) search. Will show posts of X that match the meaning of your search, not just the text.”
Figure 1.21	“I am whatever the opposite of an escape artist is”
Figure 1.22	“Is this the real life? Is this just fantasy? Caught in a landside, No escape from reality”
Figure 1.23	“Past bot defenses are failing. Only subscription works at scale.”
Figure 1.24	“Falcon 9’s first stage has landed on the A shortfall of Gravitass droneship”
Figure 1.25	“Don’t wanna jinx it, but @SpaceX is tracking to lift 80% of all mass to orbit, China ~10% & rest of the world ~10%”
Figure 1.26	“We need to make this perfect interface far more beautiful” “X as humanity’s Collective Consciousness”
Figure 1.27	“The sad truth is that there are no great “social network” right now. We may fell, as so many have predicted, but we will try our best to make there be at least one.”
Figure 1.28	“Pretty fun blocking people who complain that blocking is going away. How does the medicine taste?”
Figure 1.29	“We’re being super careful with Notes to maximize accuracy. Everything is open source and criticism is always welcome.”
Figure 1.30	“Easily worth the increased exposure, as verified orgs receive a boost in reach”
Figure 1.31	“Exactly. X will be filling legal action to stop this. Can’t wait for discovery to start!”
Figure 1.32	“Just drove the production candidate Cybertruck at Tesla Giga Texas!”
Figure 1.33	“The speed at which your message on this platform can reach a vast number of people is mind-blowing”
Figure 1.34	““Upgrades”, a repost form @X: stopping by to tell you about the video & media improvements we’ve shipped so far

	<p>More video to come</p> <ul style="list-style-type: none"> l. long videos—Premium subscribers can post up to 2h of 1080p or 3h of 720p m. media studio (studio.x.com) is now available to all X Premium subscribers n. ability to download videos from your timeline to your camera roll (X Premium) & enable/disable download option for videos you post o. auto-captioning of popular videos p. AirPlay support to stream videos to your TV q. pic in pic playback to allow you to watch videos while scrolling your timeline or other apps r. video controls (playback speed, double tap to fast forward/jump back) s. improved live broadcasting quality from mobile t. immersive video player in Android and iOS—just swipe up for the next video u. speak in & co-host a Space on web v. support for millions of participants on Spaces”
Figure 1.35	“Falcon 9 launches 22 @Starlink satellites to orbit from Florida”
Figure 1.36	<p>“10 years ago today, the first 6 Supercharger stations opened in Norway.</p> <p>Now, our network spans 36 countries, 1000+ sites & 13k Supercharger posts—enabling freedom of travel, no matter your destinations (earth symbol)”</p>
Figure 1.37	<p>“Total game changer.</p> <p>If you haven’t tried Tesla Autopilot, you don’t know how awesome it is.”</p>
Figure 1.38	“Join the X bugs & features community if you want to help improve the product”
Figure 1.39	<p>“Great work by the @SpaceX team successfully launching 61 Falcon rocket missions this year!</p> <p>If tomorrow’s mission goes well, we will exceed last year’s flight count.</p> <p>SpaceX has delivered ~80% of all Earth payload mass to orbit in 2023.</p> <p>China is ~10% & rest of the world other ~10%.”</p> <p>“Aiming for Falcon flights in a moth by end of this year, then 12 per month next year”</p>
Figure 1.40	<p>“”Cool” a repost from @cb_doge: Many users are reporting that they are earning more on this platform than on Youtube.””</p> <p>“Video viewership on X has roughly doubled since last year.”</p>
Figure 1.41	“Not quite how i would tell the story, but very accurate for an observer who only saw part of the puzzle”
.42	“Please respond to @Safety if you discover issues of concern”
.43	“I would like to thank Zach Kirkhorn for his many contributions to Tesla over the course of 13 often difficult years.

	Much appreciated and best wishes for the next stage of his career.”
Figure 1.44	“Unless it is stopped, the woke mind virus will destroy civilization and humanity will never reached Mars”
Figure 1.45	“All Tesla Supercharges in Israel are free” “I hope that electricity and essential service are rapidly restored to Gaza” “I would like to help those in Gaza who want peace, but have no way to do so. In general, I want all humans to be happy and prosperous, without regard to race, creed, religion or anything else.”
Figure 1.46	“Starlink will support connectivity to internationally recognized aid organizations in Gaza. [ComStar]”
Figure 1.47	“We are not so naïve. If one does, we will take extraordinary measures to confirm that it is used “only” for purely humanitarian reasons. Moreover, we will do a security check with both the US and Israel governments before turning on even a single terminal.”
Figure 1.48	“It is not clear who has the authority for ground links in Gaza, but do we know that no terminal has requested a connection in that area.” “No terminals from Gaza have attempted to communicate with our constellation. SpaceX will support communication links with internationally recognized aid organizations.”
Figure 1.49	terminal requests, and committing to aid groups. “X Corp will be donating all revenue from advertising & subscriptions associated with the war in Gaza to hospitals in Israel and the Red Cross/Crescent in Gaza.” “We will track how funds are spent and go through Red Cross/Crescent. Better ideas are welcome. We should care about the innocent regardless of race, creed, religion, or anything else.” “Ok, what is better way to help kids in Gaza? Maybe just direct purchase of pediatric medical supplies?”
Figure 1.50	“Seems a bit dangerous there right now, but I do believe in a long-term prosperous Gaza is good for all sides.”
Figure 1.51	“It is our hope to help both the people of Israel, and with all due care, innocent civilians in Gaza. This approval by @Israel is greatly appreciated. In such a terrible situation, we should strive for conspicuous acts if kindness whenever possible.”
Figure 1.52	“Elected officials need to be fired”
Figure 1.56	“At college, I learned super important knowledge, like uhh ...(thinking emoticon)”

Figure 2.8	"Tom did an awesome job leading Merlin, Kestrel, Draco & other engine developments from start through 2014 that were critical to SpaceX's success. Great respect & appreciation!"
Figure 2.9	"Starlink has faced relentless jamming attacks & SpaceX relentless cyberwar. So far, their success has been limited"
Figure 2.10	"My estimate of the probability of success at the beginning of both Tesla and SpaceX was less than 10%. The reason people telling me we would probably fail didn't dissuade me was that I already agreed with them!"
Figure 2.11	"SpaceX (just barely) succeeding required both the knowledge and the capital I gained from a modest success with Zip2 and a more significant success with PayPal,"
Figure 2.12	"Community Notes contributors are almost exactly balanced across the political spectrum. The key to the success of @CommunityNotes is that many people of diverse viewpoints must agree that a note is needed & correct before it becomes viewable by the public. This is a profound"
Figure 2.13	"They were instrumental to the success of Giga Berlin"
Figure 2.14	"Rate of innovation is the fundamental determinant of a technology company's success"
Figure 2.15	"Race to orbit by both teams, although a success by both in close proximity would be amazing & each would count as a win"
Figure 2.16	"At least success is in the set of all possible outcomes this time!"
Figure 2.17	"It took an utterly insane amount of work to move the SpaceX & Tesla success probabilities above ~zero" "Felt I had done enough on the Internet (Zip2 & PayPal) that my work would be useful to others. Needed to get going on accelerating sustainable energy & making life multiplanetary"
Figure 2.18	"To be frank, in the early days, I thought there was >90% chance that both SpaceX & Tesla would be worth \$0. The press & aerospace / automotive industry at the time (correctly) agreed with me"
Figure 2.19	"There were no EV incentives (nor did we expect them) & gasoline was super cheap, so tough to make the case for electric cars. My guess was that we had <10% chance of success & most people thought 0%. The history car startups is just one big graveyard" "But, much more important, is that this *design* is capable of full & rapid reusability. Long way to go from design to making it actually fully & rapidly reusable with high payload, but at least success is *one* of the possible outcomes haha"
Figure 2.20	"SpaceX team is doing great work One day, the true measure of success will be that Starship flights are commonplace"
Figure 2.21	"* attempt to launch in March. Success is far from certain, but excitement is guaranteed"
Figure 2.22	"Success on landing probability is ~60% this time"
Figure 2.23	"Congratulations! What an amazing track record of success with Mars!"
Figure 2.24	"Sounds like the NPC chorus has some success. Did you watch the video? Trump is referring to job losses in the auto industry"
Figure 2.25	"They have no idea how hard FSD is. Only path to success imo is hardcore real-world AI software with dedicated NN inference"

	acceleration ASICs in car, multibillion dollar NN training supercluster and 10+ billion miles of vehicle data. Good luck"
Figure 2.26	"As mentioned at the beginning of the year, I'm expecting ~70% success rate on landings for the year. 2016 is the year of experimentation"
Figure 2.27	"My best guess for 2016: ~70% landing success rate (so still a few more RUDs to go), then hopefully improving to ~90% in 2017"
Figure 2.28	"Considering trying to bring upper stage back on Falcon Heavy demo flight for full reusability. Odds of success low, but maybe worth a shot"
Figure 2.29	"Success maybe, excitement guaranteed!"
Figure 2.45	"I've paid taxes for things you people wouldn't believe"
Figure 2.46	"Fun Fact: We're as far away from 1996 as we are to 2050. Which will be the year of crazy."
Figure 2.47	"Oh hi lol" with a statement of "people who have Twitter but never post anything" in a picture of people.
Figure 2.48	"The Outside Context Problem"
Figure 2.49	"Does anyone understand the internet?"
Figure 2.50	"Perhaps we should run a poll on this?"
Figure 2.51	"You are free to be your true self here"
Figure 2.52	"I am become meme, Destroyer of shorts" "And they keep coming back for more ..." "Man if aspartame really does cause cancer, I'm dead as a doornail lol"
Figure 2.53	"'Who controls the memes, controls the universe'-Frank 'The Tank' Herbert"
Figure 2.54	"How it feels to spread misinformation" "Something special coming soon" "I knew birds weren't real" "We just prove it"
Figure 2.55	"Gaius Julius Caesar, March 15" "Dulce est despiere in loco"
Figure 2.56	"The fight will be managed by my and Zuck's foundation (not UFC). Livestream will be on this platform and Meta. Everything in camera frame will be ancient Rome, so nothing modern at all. I spoke to the PM of Italy and Ministry of Culture. They have agreed on an epic location." "And all proceeds go to veterans" "And Pediatric hospitals in Italy" All proceeds will go to charity for veterans."
Figure 2.57	"Am lifting weights throughout the day, preparing for the fight. Don't have time to work out, so I just bring them to work." "Immersive video on tis platform is starting to get pretty good. Just tap on any video & swipe up to move on."
Figure 2.58	"For the Tesla FSD test drive in Palo Alto tonight, I will ask the car to drive to @finkd's house."

	<p>Will also test the latest X livestream videos, so you can monitor our adventure in real-time!</p> <p>If wee get lucky and Zuck my (tongue sticking out icon) actually answers the door, the fight is on!"</p> <p>""Knock, knock ... challenge accepted ... open the door @finkd" is the in one minute after follow up post of "Thought you might want some tea, so I brought the bags""</p>
Figure 2.59	"Am going with @WWE as my fighting style"
Figure 2.60	"Thought you might want some tea, so I brought the bags"
Figure 2.61	<p>"Fight Recap:</p> <p>I joked on X about fighting Zuck</p> <p>Zuck then said "SEND ME LOCATION"</p> <p>Italy graciously offered a Colosseum</p> <p>Zuck decline</p> <p>I suggested his home as "safe space"</p> <p>Tragically, he was ahem "traveling"</p> <p>Is there anywhere he will fight?"</p>
Figure 2.62	<p>"The die is cast" with two statements in the picture:</p> <p>"Arminius says some Germani tribes are revolting what do you do?"</p> <p>and "I will march through Teutoburg Forest on my way to put down the revolt"</p>
Figure 2.63	"Much higher chance of success than flight 1"
Figure 2.64	"You awake from a deep trance, step away from the phone to see your friends & family"
Figure 2.65	<p>"There is a time to laugh and a time not to laugh, and this is not one of them."</p> <p>"For fighting preparation, I'll use technique of famous Inspector Clouseau & have Cato attack me at random moments"</p> <p>"Also, One-Punch Man"</p>
Figure 2.66	"Timing seems like AGI>>Idiocracy"
Figure 2.68	<p>"The New York Times actually has the nerve to support calls for genocide if ever there was a time to cancel that publication, it is now.</p> <p>You can read their article for free anyway using removepaywall.com" and a picture of The New York Times article."</p>
Figure 2.67	"The white House demanded more Covid censorship despite overwhelming evidence—discussed internally by Facebook executives—that censorship <i>increases</i> "vaccine hesitancy." Why, then, did the White House demand it? Because the White House was under pressure from the news media."
Figure 2.69	"Great analysis of @CommunityNotes by @VitalikButerin"
Figure 2.70	"Tesla & SpaceX/Starlink doing our best to be helpful to Hawaii"
Figure 2.71	"Just arrive in amazing Japan"
Figure 2.72	"Eiden ring is some of the most beautiful art ever created"
Figure 2.73	"Although there are some bad things in the world, remember that there are many good things too"
Figure 2.74	"Interstage extension for hot gas venting added to enable Starship to turn on its engines while booster engines still firing!"
Figure 2.75	"If you are a journalist who wants more freedom to write and a higher income, then publish directly on this platform!"

Figure 2.76	“Next-level” with a picture of Donal Trump and the description of “Mug Shot --- August 24, 2023” and “ELECTION INTERFERENCE. NEVER SURRENDER! DONALD TRUMP.COM”
Figure 2.77	“I just can’t ... roflmao ... the irony is too much (LOL icon)”
Figure 2.78	“The New Woke Times”
Figure 2.79	“Thousand of upgrades to Starships & launchpad/Mechazilla”
Figure 2.80	“Listen to The Iliad as an audiobook. It was meant to be spoken.” “X.com is the world’s 5 th most visited website.”
Figure 2.81	“Dominoes Effect (triangle pizza emoticon)” with statements in a picture: 7. “Alleged Obama drug-fueled gay 8. Orgy wins presidency 9. Become senator 10. Obama takes his place 11. Ryan drops out of senate race 12. Jack Ryan at a Paris sex club”
Figure 2.82	“I know some people hate on them, but I have to credit the whole @Starbucks team with reliably serving millions of coffees & snacks every day around the world” “Legacy media and the truth ... (with a statement in a picture: I’m here, Just joking I’m here, hahaha fine fine I’m here)”
Figure 2.83	“Highly recommend “The Explorers” podcast for stories of exploration of many cultures over the ages. Am currently learning about Ibn Battuta, an amazingly widely traveled Islamic explorer.”
Figure 2.84	“Congrats to DeepMind! Many experts in the field thought AI was 10 years away from achieving this.”
Figure 2.85	“SpaceX will try to catch largest ever flying object with robot chopsticks. Success is not guaranteed, but excitement is!”
Figure 2.86	“But, hey, look on the bright side! At least Russia doesn’t get Crimea in that scenario, so you can be comforted by that thought, while watching the mushroom cloud rise.”
Figure 2.87	"Russia has been punched in the nose and forced to retreat many times by Ukraine. But what you don't want to do is give Russia a choice of total, humiliating defeat or nukes – then the probability of them using nukes is high" "But we can't let (Russia's flag) blackmail and terrorize the world"
Figure 2.88	"Wrong analogy. America also had a humiliating withdrawal from Afghanistan. No one in America sees that country as part of America. Crimea *is* seen as a crucial part of Russia by Russia, much as Hawaii is seen as a crucial part of America."
Figure 2.89	"Whether one likes it or not, Crimea is absolutely seen as a core part of Russia by Russia. Crimea is also of critical national security importance to Russia, as it is their southern navy base."

	From their standpoint losing Crimea is like USA losing Hawaii & Pearl Harbor"
Figure 2.90	"And also my sympathies to the great people of Russia, who do not want this"
Figure 2.91	"Let's try this then: the will of the people who live in the Donbas & Crimea should decide whether they're part of Russia or Ukraine"
Figure 2.92	"The Fox anchor is talking utter nonsense. I challenged Putin to a physical fight over Ukraine and SpaceX and provided massive support to Ukraine, as the Ukrainian government has repeatedly acknowledged"
Figure 2.93	"Putin made a mistake by not agreeing to release the journalist. He does not understand the western mindset very well"
Figure 2.94	"To be fair, Putin is no stranger to propoganda himself 😊"
Figure 2.95	"No, it is not. I have spoken to Putin only once and that was about 18 months ago. The subject matter was space"
Figure 2.96	"Saw The Dictator yesterday. Reminded me of Putin's reelection. Seems like only yesterday since he was last in power"
Figure 2.97	"Russia overrunning Ukraine would destabilize the entire region, perhaps the world" "Those who want Putin removed are laboring under the misapprehension that whoever replaces him will be more amenable to peace or western philosophy, but I think this is unlikely – the Kremlin is not the Nice Guy Olympics"
Figure 2.98	"Cannibalism was standard practice for islands in the Pacific especially and not considered at all wrong by those who practiced it. Meat in many places was hard to come by, so ..."
Figure 2.99	"Most people don't know much history. Slavery was standard practice almost everywhere on Earth since humans existed. Only last century was it made rare"
Figure 2.100	"If that were actually true, "the rich" of 100 years ago would have all the money today, but they do not"
Figure 2.101	"Technically, I "got rich" from Zip2 & PayPal w zero govt anything, then put 100% of that into SpaceX, Tesla & SolarCity"
Figure 2.102	"V likely AF official Correll was told by ULA/Rocketdyne that a rich VP job was his if he gave them a sole source contract"
Figure 2.103	"SpaceX will try to catch largest ever flying object with robot chopsticks. Success is not guaranteed, but excitement is!"
Figure 2.104	"to clear out our platform on the matter of anti-semitism, it look like have no choice but to life a defamation lawsuit against the anti-defamation league ... oh the irony! "To be super clear I'm pro speech, but against anti-sematism of any kind"
Figure 2.105	"It is insane how many people have asked me if the moon landings are fake. There are indeed obviously real. Indeed, just as real as the tragic fact that we haven't been back there in half a century."

	We should have built a permanent base on the moon and Mars by now!"
Figure 3.4	"Mars is, admittedly, a fixer upper of a planet"
Figure 3.5	"I'm trying to set a good example! Population collapse is a much bigger problem than people realize and that's just for Earth. Mars has a great need for people, seeing as population is currently zero. Humans are the custodians of other life on Earth. Let us bring life to Mars!"
Figure 3.7	"Unless it is stopped, the woke mind virus will destroy civilization and humanity will never reach Mars"
Figure 3.8	"Thought you'd say that. Anytime anyone criticizes the media, the media shrieks "You're just like Trump!" Why do you think he got elected in the first place? Because no one believes you anymore. You lost your credibility a long time ago."
Figure 3.9	"@JGreenblattADL: For @elonmusk to allow Donald Trump back on Twitter, ostensibly after a brief poll, shows he is not remotely serious about safeguarding the platform from hate, harassment and misinformation.@elonmusk: Hey stop defaming me!"
Figure 3.12	"ADL should just drop the "A""
Figure 3.13	"You've said the actual truth"
Figure 3.14	"DROP THE ANTI JUST DEFAMATION LEAGUE. IT'S CLEANER"
Figure 3.15	"And, at the risk of being repetitive, I am deeply offended by ADL's messaging and any other groups who push de facto anti-white racism or anti-Asian racism or racism of any kind. I'm sick of it. Stop now"
Figure 3.16	"If this continues, we will have no choice but to file a defamation suit against, ironically, the "Anti-Defamation" League. If they lose the defamation suit, we will insist that they drop the "anti" part of their name, since obviously... (lol emoticon)"
