B. INTERVIEW

1. how frequently do you use Netflix?

Table 2.1 Students responses question number 1

Student	Answer
Student 1	Almost every day I watch films on Netflix, but usually I can spend 2-3 hours watching and maybe even more.
Student 2	I use Netflix to improve my speaking skills a lot. everytime I watch my pavorite shows, my mouth will never shut up telling how excited I am to reading any monologues in it
Student 3	I use Netflix when I just want to watch the film or movie in it
Student 4	Actually, I use Netflix in every night while I don't have any activity
Student 5	I don't have specific time to use Netflix, but generally, I can watch around 2 to 3 movies on Netflix in a week which is around two hours long for each.
Student 6	I can spend 5-6 hours for watching Netflix in a week
Student 7	I don't know exactly, I just watch it when I have free time
Student 8	usually I spend one film a day although sometimes it can be up to 3 or 4 films and each film I watch is usually about 2 hours long

Student 9	On three days I can spend around 3-5 hours for watching movie on Netflix
Student 10	I don't have specific time, but usually I always watch Netflix on the weekend for fun

2. do you believe using Netflix has positively impacted your speaking skills?

Table 2.2, students responses for question number 2

Student	Answers
Student 1	I believe that using Netflix will enhance my English skill, especially in speaking. I can turn on the subtitle in English and try to read it and imagine I am the one who says it.
Student 2	Yes, I do believe watching Netflix oftenly could improve my speaking skills because through watching the natives converse in movies/series, I could copy the way they talk
Student 3	Yes, I believe using Netflix has positively impacted my speaking skills.
Yes Student 4	Netflix can help me to get used to intonation, vocabulary, and speaking speed in the language I am learning which is English.
Student 5	Yes, I believe it because by watching films you can get new vocabulary that you have never heard before
Student 6	As far as I use Netflix, it's really has a positive impact as it provides exposure to natural language usage and helps improve pronunciation, vocabulary, and listening comprehension.
Student 7	For me personally, yes, it is. I have felt its impact in many situations. I used to have trouble pronouncing words correctly, but after trying to watch movies not just for entertainment purposes— I use them for learning purposes too, I can say that my speaking skill changed significantly

Student 8	Netflix give me a good impact on improving my speaking skills
Student 9	yes, Netflix can bring impact for me like i got new vocabulary by watching films and also improve my pronunciation when i hear the native speaker
Student 10	So far, in my opinion, Netflix can be quite helpful in improving English skills if used optimally, but it is better if combined with several methods such as studying through books and attending English classes for more effective results.

3. In what way do you think Netflix has helped you improving your speaking ability

Table 2.3 students responses for question number 3

Student	Answer
Student 1	Netflix helps me to improve my speaking skills by providing various subtitle, just by watching movie with English subtitle will help me to gain a better enhancement in knowing more vocabularies or daily conversation that I can use to communicate
Student 2	Netflix has improved my speaking skills in the way i talk more fluently and it also improved my accents (british/scottish) especially american accent
Student 3	Watching movies and shows in the language I'm learning helps me expand my vocabulary and gain a better understanding of pronunciation and sentence structure in a more natural context. It also helps me grasp intonation and conversational flow, enhancing my fluency and confidence
Student 4	By listening and reading the subtitles on the movie screen
Student 5	I think it's quite helpful, by watching English content on Netflix, but sometimes I still have difficulty in speaking
Student 6	Netflix helps improve my speaking skills by allowing to hear native speakers, learn colloquial expressions, and practice speaking along with the characters
Student 7	increase vocabulary by watching English content, help listening skills by listening directly to communication from native speakers

Student 8	listen the conversation and looking in my dictionary
Student 9	Netflix is not just tool for watching films, for me i can make it become tools for improve my speaking,the way i got new vocabulary by watching films or trying to imitate the native speaker in films,and the featured on Netflix like subtitle feature is very helpfull to understand what the native speakers said.
Student 10	with Netflix provides exciting and hype English language content or films as well as several interesting features

4. what is your opinion about improving speaking skills by using Netflix

Table 2.4 students responses for question number 4

Student	Answer
Student 1	It's the simple way to learn English by watching Netflix cause everyone loves watching.we can learn English while enjoying every scene and story in it
Student 2	I think it is very good to use watching movies/series on netflix as a tool to improve speaking skills because not only that we can learn through them but also we can feel entertained
Student 3	Netflix can be a valuable supplement for improving speaking skills by providing exposure to authentic language usage.
Student 4	I think Netflix can be a fun and interesting tool to make someone who wants to learn a language not bored.
Student 5	Using Netflix to improve speaking skills can be beneficial, especially for listening comprehension and vocabulary acquisition. However, it's important to supplement this with other activities, such as speaking practice with native speakers, to fully develop conversational skills
Student 6	Using Netflix to improve speaking skills can be effective when used in conjunction with other language learning methods, such as textbooks, or formal classes.

Student 7	I believe that while watching Netflix can expose you to different accents, vocabulary, and colloquial expressions, actively using language learning resources specifically designed for improving speaking skills would likely be more effective.
Student 8	By speaking itself indeed good enough by hearing the phrases repeat it through their pronunciation for me in terms of accent Will be effectively
Student 9	Using Netflix as a medium for improving English language skills is quite interesting because in Netflix itself we are presented with a variety of content available in English, not only that, several features of Netflix are quite helpful, such as the subtitle feature to increase vocabulary. There is also a slow-speed show feature to help viewers more easily digest the conversations in the film, and in my opinion, the method of watching films is quite exciting and more modern for learning English.
Student 10	netflix can be the best tool for enhancing the speaking skill start with we can get new vocabulary, try to speak clearly by following the pronunciation like a native speaker and it will also be better after watching a film we have our own notes like what we got from the film

5. what specific Netflix shows or movies do you believe are most beneficial for improving speaking skills?

Table 2.5 students responses for question number 5

Student	Answer
Student 1	Gossip girls, personally I learnt a lot of vocabularies from this show. gossip girls is an American show that can be used as a media of learning it has a good story and every character has a decent accent in speaking
Student 2	Mostly series because they have more episodes to follow through and learn
Student 3	I watch shows from 3 languages, sometimes spanish but mostly just korean and english, and I find "Princess Switch" and "Hometown Cha-Cha-Cha" most beneficial. These series offer diverse

	conversational situations and accents, helping me expand my vocabulary, understand intonation, and enhance my overall speaking skills.
Student 4	I think one of the documentary genre movies is a good choice for learning languages because documentaries mostly use everyday conversations.
Student 5	For improving speaking skills, it's beneficial to watch shows or movies that are in the target language with subtitles in the same language. This helps reinforce vocabulary and pronunciation. Additionally, shows with clear and natural dialogue, such as sitcoms or dramas, can be particularly helpful. Some examples include "Friends," "The Crown," or "Stranger Things."
Student 6	To be specific it would be a cartoon, one of them is zootopia. Generally, cartoon shows with clear dialogue, engaging plots, and diverse characters can be helpful.
Student 7	For my part, I tend to watch action films and documentaries, as well as several recommendations for films that are currently being hyped by Netflix itself
Student 8	I think it Will be kids shows/series like spongebob or others cause for unnative speaker kids shows pronunciation and vocabulary were more easy to understand rather then science movies, horror movies etc.
Student 9	i Dont have any specific shows, usually i just watch the popular film that Netflix recommended for me
Student 10	there several movie/series in Netflix that show different slangs and various accent that improve my language skills

6. can the features on Netflix help you improve your speaking skills

Table 2.6 students responses for question number six

Student	Answer
Student 1	Yeah,the featured on Netflix can help us for improve our speaking skill.for instance,the playback speed we can slow down the show and movie and it will help us understand better what its saying on the film.
Student 2	Yes, especially the english subtitles

Student 3	Yes, features like subtitles and voiceover on Netflix can help me improve my speaking skills. Subtitles aid in understanding words and phrases in broader contexts, while voiceover allows me to listen to how words and sentences are expressed by native speakers, enhancing my pronunciation and intonation.
Student 4	yes,i think the subtitle feature is very helpfull for me to get new vocabulary
Student 5	Yes, the features on Netflix can help improve speaking skills through watching shows with subtitles and audio in the target language
Student 6	Netflix features such as subtitles, language settings, and playback speed adjustments can enhance the learning experience and aid in improving my speaking skills.
Student 7	yes
Student 8	Yes, it is
Student 9	Netflix's subtitles and movie replay features can help improve comprehension for language learning / speaking practice.
Student 10	quite helpful

7. What difficulties did you find inn improving your speaking skill using Netflix

Table 2.7 students responses for question number seven

Student	Answer
Student 1	There is no difficulties
Student 2	I am very dependent with the english subtitles so when i do not use it i will not catch what the people talk about in movies/series
Student 3	One difficulty I encountered in improving my speaking skills using Netflix is that sometimes the subtitle or voiceover features aren't available for all content, especially in the language I'm interest to learn

Student 4	so far, I don't get any difficulties when using Netflix
Student 5	The difficulties in improving speaking skills using Netflix include pronunciation challenges, limited interaction, understanding slang and accents, and the focus on listening rather than speaking practice
Student 6	Difficulties in improving my speaking skills using Netflix may include understanding rapid speech, unfamiliar accents, or complex vocabulary. Additionally, it may be challenging to find suitable content at the appropriate proficiency level.
Student 7	The differences in accents made it difficult for me to understand the meaning when watching
Student 8	I don't think any specific difficulties I get from using netflix
Student 9	The difficulty I encounter may be more related to how I understand what I hear from the conversation in the film, but usually I use the slow feature to make it easier for me to understand what is meant
Student 10	One of the difficulties I have encountered in improving my speaking skills using Netflix is the difficulty in understanding different accents and some terms or phrases that may not be common in everyday language.

8. have you observed any improvements in your spontaneous speaking skills as a result of regularly watching Netflix content in the language you are learning?

Table 2.8 students responses for question number eight

Student	Answers
Student 1	Yes, I know a lot of slangs and idiom by watching Netflix shows
Student 2	Yes i have, i usually talk to my self about the movies/series in english or i impersonate how the characters talk
Student 3	Yes, I've noticed improvements in my spontaneous speaking skills as a result of regularly watching Netflix content in the language I'm learning
Student 4	. I don't think there has been a significant improvement on my spontaneous speaking

Student 5	Yes, I have improvements in their spontaneous speaking skills from regularly watching Netflix content in the language that i am learning.
Student 6	I cannot really see any improvements in my spontaneous speaking ,but it really helpful with accents or high sentences/words I don't understand.
Student 7	Yes,I think
Student 8	I do not observe but throughout my conversation with my friends they said that my accent is pretty good even some are improve
Student 9	Spontaneity in speaking after watching Netflix has slightly increased because sometimes I also follow how they dialogue in English in particular, maybe in this case I don't pay too much attention because for me personally I prefer watching for entertainment, although sometimes there is also something I can learn from it
Student 10	I'm not sure about this, but indirectly when we use Netflix or watch, we can learn several things, such as pronunciation skills and practicing fluency in speaking English

9. What aspect of speaking ability do you believe Netflix can help improve?

Table 2.9 students responses for question number nine

Student	Answer
Student 1	I can automatically speak because eof the richness of vocabulary that I got by watching Netflix,and now I am more good in speaking with better accent
Student 2	The speed of talking and accents
Student 3	Netflix can help improve various aspects of speaking ability, including pronunciation, intonation, conversational flow, vocabulary expansion, and understanding of real-life language usage in different contexts
Student 4	. I would like to improve my accent and vocabulary

Student 5	I believe that Netflix can improve listening comprehension, vocabulary, pronunciation, and fluency in speaking ability.
Student 6	I believe Netflix can help improve various aspects of speaking ability, including pronunciation, intonation, rhythm, sentence structure, and conversational skills.
Student 7	learn to understand different accents
Student 8	In aspects of pronunciation and the structure of it through hearing repeatedly
Student 9	Listening skills and increasing new vocabulary are the things that have the most impact when watching Netflix, there are also many vocabulary words that we rarely encounter in everyday life that can be found in films.
Student 10	The aspect that has improved the most after I used Netflix is that my pronunciation in English has become better, because the content I watch usually uses a lot of British and American accents, so my pronunciation skills have become better.

10. Would you recommend using Netflix as a language learning tool to your peers based on your own experiences with its impact on speaking proficiency?why or why not?

Table 2.10 students responses for question number ten

Student	Answer
Student 1	Yes,I would.considering what I absorbed by watching Netflix,I have no doubt in recommending my fellow friends to learn English by watching netflix Netflix's subtitles and movie replay features can help improve comprehension for language learning / speaking practice.
Student 2	Yes because i have felt that it was easier to learn language if we enjoy the process of learning it that is why by watching something we like while also learning can be one of the most effective methods to learn language

Student 3	I wouldn't recommend it unless you're specifically looking to watch a show or movie. There are more efficient language learning tools available, such as online courses, language learning apps, or even direct tutoring, which provide structured and focused learning experiences. While Netflix can be a fun addition to language learning, it's not a substitute for direct practice and focused learning.
Student 4	I would totally recommend it. There's a lot we can learn from Netflix, as I mentioned earlier.
Student 5	I would recommend using Netflix as a language learning tool because it can be a fun and effective way to improve speaking proficiency through exposure to authentic language use
Student 6	I still want to recommend it to my friends based on my small experience.
Student 7	very recommended, beside of the entertainment, we can understand the meaning and using the language in broad cultural context
Student 8	I do but it is depends on our watch time itself and our utility on money that we have as we need to pay the membership and I think not all people able to pay it but if you do able that it Will works indeed cause a lots of movies can exactly make you learn the variety of the language even culture.
Student 9	Yes, I would recommend Netflix as a medium for improving speaking skills, apart from being a pretty good entertainment medium, Netflix can also be used as a medium for studying, especially as Netflix has a lot of content, most of the films in it are in English, so I would be quite happy to recommend Netflix as an English learning medium2.yes,Netflix can bring impacted for me like i got new vocabulary by watching films and also improve my pronunciation when I hear the native speaker
Student 10	I would recommend Netflix especially for those who feel bored with the usual learning methods found in class and so on. I think using Netflix is quite interesting because we can improve our English with a slightly simpler and more exciting method, such as watching films.

the question from the interview adapt it from : **Agusty**. (2023). The impact of watching English movies in increasing students' pronunciation: A case study at the English Department Batch 2019 Hasanuddin University. **Maharani, R. S.** (2021). English Education Department students' perception toward Netflix as digital EFL learning aid on listening and speaking skills (Doctoral dissertation, Universitas Islam Negeri Maulana Malik Ibrahim).also researcher using Chat Gpt for design some question.
