### NASKAH PENJELASAN UNTUK RESPONDEN

Selamat pagi/siang/sore, Ibu. Saya, dr. Ummi Shulaeha, yang akan melakukan penelitian tentang "**HUBUNGAN ANTARA FENOTIPE DAN KORTISOL DENGAN STATUS KECEMASAN SINDROM OVARIUM POLIKISTIK**"

Insiden SOPK terus mengalami peningkatan dan mengakibatkan dampak buruk, seperti siklus menstruasi (haid) yang tidak teratur, pertumbuh rambut tubuh menyerupai pria, menurunnya kesuburan pasien, dan berujung pada sulit memperoleh keturunan. Hal-hal inilah yang menyebabkan kadar kortisol pasien SOPK meningkat dan mempengaruhi tingkat kecemasan pasien SOPK.

Karena itu kami sangat mengharapkan ibu bersedia untuk ikut dalam penelitian ini secara sukarela dan mengizinkan kami menggunakan data ibu dalam laporan tertulis maupun laporan secara lisan. Bila ibu bersedia kami mengharapkan ibu memberikan persetujuan secara tertulis. Keikutsertaan ibu dalam penelitian ini bersifat sukarela tanpa paksaan, oleh karena itu ibu berhak untuk menolak atau mengundurkan diri tanpa risiko kehilangan hak untuk mendapatkan pelayanan kesehatan di rumah sakit ini.

Kalau ibu setuju untuk berpartisipasi, kami akan menanyakan  
  
a hal antara lain data pribadi ibu dan riwayat menstruasi, lan obat serta riwayat keluarga. Kami juga akan melakukan

pengambilan sampel darah sebanyak 3 cc (kurang lebih 1 sendok makan) melalui pembuluh darah lengan, untuk pemeriksaan kortisol serum sewaktu, yang akan diperiksakan di Laboratorium Prodia.

Kami menjamin keamanan dan kerahasiaan semua data pada penelitian ini. Data akan disimpan dengan baik dan aman, sehingga hanya bisa dilihat oleh yang berkepentingan saja. Demikian juga pada penyajian baik tertulis maupun pada laporan lisan, data pribadi ibu tetap akan kami rahasiakan. Data penelitian ini akan disajikan pada:

- Program Pendidikan Dokter Spesialis Obstetri dan Ginekologi Fakultas Kedokteran Universitas Hasanuddin (FK UNHAS) Makassar
- Publikasi pada majalah ilmiah dalam dan luar negeri

Bila ibu merasa masih ada hal yang belum jelas atau belum dimengerti dengan baik, maka ibu dapat menanyakan atau minta penjelasan pada saya: dr. Ummi Shulaeha (082219995028).

Jika ibu setuju untuk berpartisipasi, diharapkan menandatangani surat persetujuan mengikuti penelitian. Atas kesediaan dan kerja samanya kami ucapan banyak terima kasih.
