PERMOHONAN MENJADI RESPONDEN

Kepada

Yth. Bapak/Ibu Calon Responden

Saya Suprataba, Mahasiswa Program Studi Magister Ilmu keperawatan Universitas Hasanuddin Makassar bermaksud melakukan penelitian dengan judul **“Gambaran *Post Traumatic Stress Disorder* (PTSD) pada Perawat Penyintas Bencana Gempa Bumi Palu Sulawesi Tengah”**. Penelitian ini telah disetujui oleh Komite Etik Penelitian Politeknik Kementerian Kesehatan Makassar.

Melalui surat ini, saya ingin mengundang anda untuk berpartisipasi dalam penelitian ini yang bertujuan untuk mengidentifikasi Gejala *Post Traumatic Stress Disorder* (PTSD) Pada Perawat Penyintas Bencana Gempa Bumi. Hasil penelitian ini akan berkontribusi sebagai informasi dasar yang akan digunakan dalam pengembangan keperawatan dampak bencana khususnya penanganan gejala stress pasca trauma akibat bencana.

Partisipasi anda dalam studi ini adalah sukarela dan anda tidak berkewajiban untuk melengkapi survey dan tidak ada pembayaran untuk keikutsertaan anda. Jika anda setuju untuk berpartisipasi, silahkan melengkapi survey terlampir: ini akan mengambil waktu anda selama 15 menit untuk melengkapi survey ini. Partisipasi anda dan informasi yang telah anda berikan tidak akan diungkapkan kepada siapapun dalam arti bahwa identitas anda dan respon anda pada pertanyaan tidak akan dihubungkan dengan cara apapun. Kerahasiaan semua informasi akan dijaga dan dipergunakan hanya untuk kepentingan penelitian.

Melalui penjelasan singkat ini, peneliti sangat mengharapkan partisipasi anda menjadi responden, Atas kesediaan dan partisipasinya saya ucapkan terima kasih.

Palu, Oktober 2020

Hormat Peneliti
Suprataba

Lampiran 2

PERSETUJUAN SEBAGAI RESPONDEN

Saya yang bertanda tangan dibawah ini menyatakan bahwa setelah mendengar/membaca penjelasan tentang maksud dan tujuan penelitian ini, maka saya bersedia berpartisipasi sebagai Responden dalam penelitian yang dilakukan oleh saudara Suprataba, Mahasiswa Program Studi Magister Ilmu Keperawatan Universitas Hasanuddin dengan judul **“Gambaran *Post Traumatic Stress Disorder* (PTSD) pada Perawat Penyintas Bencana Gempa Bumi Palu Sulawesi Tengah”**.

Saya menjadi informan bukan karena adanya paksaan dari pihak lain, namun karena keinginan saya sendiri dan tidak ada biaya yang akan ditanggungkan kepada saya sesuai dengan penjelasan yang sudah dijelaskan oleh peneliti.

Hasil yang diperoleh dari saya sebagai informan dapat dipublikasikan sebagai hasil dari penelitian dan akan diseminarkan pada ujian hasil dengan tidak akan mencantumkan nama kecuali nomor informan.

Tanggal:2020

Tanda tangan & Nama Responden

Lampiran 3

INSTRUMEN PENELITIAN

Petunjuk Pengisian :

1. Apakah Anda **mengalami langsung terjadinya bencana gempa bumi Palu Sulawesi Tengah pada 28 September 2018?** Jika jawaban Anda “**Ya**”, silahkan melanjutkan untuk mengisi kuesioner ini, dan jika jawaban Anda “**Tidak**”, anda tidak perlu melanjutkan pengisian kuesioner ini.
-

A. Data Demografi

1. Nomor Telp/HP: _____
2. Usia : _____ tahun
3. Jenis Kelamin : Laki-laki Perempuan
4. Pendidikan : D III D IV+Ners S2
 D IV S1+Ners
5. Agama : Islam Kristen Katolik Hindu
6. Status Perkawinan:
 Menikah Belum Menikah Duda Janda
7. Status Pekerjaan :
 PNS Non PNS
8. Jabatan Pekerjaan :
 Kabid/Kasie Ketua Tim
 Kepala Ruangan Perawat Pelaksana
9. Nama RS tempat bekerja:
 RSUD Undata RSUD Madani RS Anutapura
 RS Wirabuana RS Bhayangkara RS Budi Agung
 RS Bala Keselamatan
10. Nama bagian tempat bekerja: IGD ICU Poliklinik
 Kamar Operasi Ruang Perawatan Lainnya, sebutkan _____
11. Lama Bekerja: 1-5 tahun 6-10 tahun >10 tahun

B. Kuesioner PTSD Checklist for DSM-5 (PCL-5) untuk skrining Stress Pasca Trauma

Petunjuk pengisian: Pilihlah salah satu tanggapan yang mengindikasikan seberapa besar anda telah terganggu dengan masalah tersebut dalam **satu bulan terakhir**. Lalu beri tanda (√) pada kolom yang tersedia untuk pilihan jawaban yang sesuai menurut saudara yaitu **SL : Selalu, SR : Sering, KD : Kadang-Kadang, JR : Jarang dan TP : Tidak Pernah**

No	Pertanyaan	SL	SR	KD	JR	TP
A.	<i>Re-experiencing Symptom</i>					
1.	Teringat kembali peristiwa bencana secara berulang dan tidak dapat mengendalikannya?					
2.	Mengalami mimpi buruk terkait peristiwa bencana?					
3.	Mengalami reaksi <i>flashback</i> atau merasa seolah-olah peristiwa bencana terjadi kembali?					
4.	Mengalami rasa tertekan/terganggu yang intensif atau berkepanjangan bila terpapar hal-hal yang mengingatkan pada bencana?					
5.	Adanya keluhan fisik bila terpapar stimulus yang terkait dengan peristiwa bencana?					
B.	<i>Avoidance Symptom</i>					
6.	Menghindari ingatan, pikiran atau perasaan yang berhubungan dengan kejadian gempa bumi?					
7.	Menghindari aktifitas-aktifitas yang mengingatkan kembali pada kejadian gempa bumi (mis, orang, tempat, percakapan, kegiatan, objek, situasi)?					
C.	<i>Negative alternations symptom</i>					
8.	Tidak mampu mengingat bagian-bagian penting dari peristiwa bencana?					
9.	Memiliki keyakinan dan ekspektasi negatif yang kuat tentang diri sendiri, orang lain atau lingkungan (misalnya, memiliki pikiran seperti saya buruk, ada sesuatu yang tidak beres dengan saya, tidak ada yang bisa dipercaya, dunia benar-benar berbahaya)?					
10.	Secara terus-menerus menyalahkan diri sendiri atau orang lain sebagai penyebab peristiwa bencana?					

11.	Mengalami emosi negatif yang kuat setelah mengalami bencana seperti rasa takut, marah, rasa bersalah, rasa malu?					
12.	Kehilangan minat pada hal-hal yang sebelum peristiwa bencana merupakan hal yang diminati?					
13.	Merasa jauh, terasing atau menarik diri dari orang lain?					
14.	Memiliki perasaan yang terbatas seperti sulit merasakan kebahagiaan, kepuasan atau kasih sayang?					
D.	<i>Hyperearousal symptoms</i>					
15.	Mudah tersinggung, marah meledak-ledak atau perilaku agresif verbal atau fisik terhadap orang atau benda?					
16.	Melakukan perilaku yang berisiko merusak diri sendiri?					
17.	Terlalu waspada atau berjaga-jaga secara berlebihan?					
18.	Gampang merasa khawatir atau mudah terkejut?					
19.	Sulit berkonsentrasi?					
20.	Mengalami gangguan tidur (sulit tidur ataupun terjaga)?

PCL-5

Instructions: Below is a list of problems that people sometimes have in response to a very stressful experience. Please read each problem carefully and then circle one of the numbers to the right to indicate how much you have been bothered by that problem in the past month.

In the past month, how much were you bothered by:	Not at all	A little bit	Moderately	Quite a bit	Extremely
1. Repeated, disturbing, and unwanted memories of the stressful experience?	0	1	2	3	4
2. Repeated, disturbing dreams of the stressful experience?	0	1	2	3	4
3. Suddenly feeling or acting as if the stressful experience were actually happening again (as if you were actually back there reliving it)?	0	1	2	3	4
4. Feeling very upset when something reminded you of the stressful experience?	0	1	2	3	4
5. Having strong physical reactions when something reminded you of the stressful experience (for example, heart pounding, trouble breathing, sweating)?	0	1	2	3	4
6. Avoiding memories, thoughts, or feelings related to the stressful experience?	0	1	2	3	4
7. Avoiding external reminders of the stressful experience (for example, people, places, conversations, activities, objects, or situations)?	0	1	2	3	4
8. Trouble remembering important parts of the stressful experience?	0	1	2	3	4
9. Having strong negative beliefs about yourself, other people, or the world (for example, having thoughts such as: I am bad, there is something seriously wrong with me, no one can be trusted, the world is completely dangerous)?	0	1	2	3	4
10. Blaming yourself or someone else for the stressful experience or what happened after it?	0	1	2	3	4
11. Having strong negative feelings such as fear, horror, anger, guilt, or shame?	0	1	2	3	4
12. Loss of interest in activities that you used to enjoy?	0	1	2	3	4
13. Feeling distant or cut off from other people?	0	1	2	3	4
14. Trouble experiencing positive feelings (for example, being unable to feel happiness or have loving feelings for people close to you)?	0	1	2	3	4
15. Irritable behavior, angry outbursts, or acting aggressively?	0	1	2	3	4
16. Taking too many risks or doing things that could cause you harm?	0	1	2	3	4
17. Being "super-alert" or watchful or on guard?	0	1	2	3	4
18. Feeling jumpy or easily startled?	0	1	2	3	4
19. Having difficulty concentrating?	0	1	2	3	4
20. Trouble falling or staying asleep?	0	1	2	3	4

Hal : *Rekomendasi Etik.*

Yth. Ketua Komisi Etik Poltekkes Kemenkes

di-

Makassar

Dengan hormat kami sampaikan bahwa mahasiswa Program Pascasarjana Universitas Hasanuddin yang tersebut dibawah ini :

N a m a : Suprataba, S.Kep.,Ns.
Nomor Pokok : R012181018
Program Pendidikan : Magister (S2)
Program Studi : Keperawatan

bermaksud melakukan penelitian dalam rangka persiapan penulisan tesis dengan judul "*Gambaran Post Traumatic Stress Disorder (PTSD) pada Perawat Penyintas Bencana Gempa Bumi Palu Sulawesi Tengah*".

Sehubungan dengan hal tersebut kami mohon kebijaksanaan Bapak/Ibu kiranya berkenan memberi izin persetujuan etik penelitian dengan menggunakan data sekunder.

Atas perkenan dan kerjasamanya diucapkan terima kasih.

Ketua Program Studi,

Sjattar, S.Kp.,M.Kes.

NIP: 197403221999032002
