Bismillahirahmanirahim i am ade adrianti today. I'm going to Talk about COVID-nineteen But before I start I want to say, thanks for kak luki for choosing me as one of the people you want to interview in your research. well COVID-nineteen uh are we know a coronavirus is a virus that causes respiratory infection. This virus come from China and which shepherd to severl countries, including Indonesia. *cough*

Corona virus Infection is caused by the corona virus itself. Anyone can infected with this virus but Young children and people with weak immunity are more susceptible to this virus attack.

until now there has been no vaxin to prevent colon virus infection, but we can do some ways to reduce the risk of contracting this virus. We can wash our hand frequently, avoid touching the face nose or mouth when hands are dirty then wear a mask when we want to go everywhere. I think just it that I want to share to you Asssalamaikum.

In this <u=1.0> interview, I would like to tell you about Dombey and Son <u=1.4> is a novel by Charles Dickens <u=0.4> which contains many aspects that are interesting to be studied. <u=1.4> Dombey and Son Novel describe the social struggle in the Victorian era <u=1.1> a depiction that shows <u=0.9> that is not always <u=0.5> the rich who could escape <u=0.4> from the problems of life. <u=1.6> bourgeois doesn't experience financial problems, <u=0.9> but problems in social relation. <u=1.4> the bourgeois tends to choose <u=0.9> friend from the same class and <u=0.4> denigrate <u=0.9> it to <sc>denigrate <u=0.9> <f=0.4> uh the proletariat. Its indicate <u=0.6> to Mr Dombey and Mr Juncker <u=1.2> this is <u=0.4> even recognised by Mr Da Morphine.. <u=0.5> that money can make a human being <u=0.5> arrogant. <u=2.0> This argument keeps him away from a life that depends on money. <u=2.5> Proletariat is a group of people that doesn't have
power and work to <u=0,4> bourgeois <u=1,0> to survive their life. <u=0,9>
They are the victims of the upper class because <u=0,9> they always get unfair.
<u=2,0> In Dickens’ <u=0,4> Dombey and son this class <u=0,9> is represented by ediths Du John, Mr. John Chocker Richard or <u=0,1> Mr.
<u=0,5> Tirrell <u=1,2>. Susan Nipper. <u=0,6> Mrs Brown and her daughter Alice Brown, <u=0,6> Walder <u=0,4> Gaye and Solomon Gils, <u=1,3> facing problems in their life.. <u=0,6> forced the social classes to.

Assalamaualikum warahmatullahi wabarakatuh
uh, today I helped my friend about their dissertation.

So before I start I'm from, Hasanuddin university, a student from English departement,

I want to talk about my dissertation.

It's very difficult time to do that, because the pandemic COVID-nineteen.

So it's difficult for me to do that as fast as I can do

And my dissertation is... cultural identity.., cultural identity is to know about the people socially. About people culture actually.. about the nationality, etnicity and religious

So culture identity is on talk about diversity, unity and et cetera.

And about my dissertation I write my dissertation three chapter chapter one, chapter two chapter three And right now I just have the correction from my supervisor is only chapter one.

My dissertation is about a close state, a novel from Australia, written by T Minton and it's a winner (wrong pronounciation), it's a winner from so many so many prices like NBC and must bring an award.

My dissertation is difficult to do right now pandemic.
Okay. I'm talking about my thesis. I'm talking about my thesis, the Portraits of Woman with the title The Portraits of Woman of... the Portraits of woman in the short story of an hour. So and uh in this story from America and The author is Keith Coppin in. in Eighteen Ninety four So in this research. I'm talking about gender inequality and I use theory of feminism until now. My thesis... My thesis... still Chapter one until three because I have. I have an obstacle. So based on the object of... so based on my object of my research that about a short story and this thesis... Uh. im have.. uh... I have an obstacles is the objective that I will examine is still in the process and then and and and and And then
maybe <u=0.7> <f=0.4>UUH <rep>maybe it's <f=0.4> UUH <rep>maybe it's take time. Maybe it's <f=0.4>UUHH take much time. <rep>Maybe <f=0.5>UUH one month <u=0.8>so <rs>cons-constrain it in the process <u=1.0> <f=0.6>UMM So <u=0.6> <f=0.4>UUH my another obstacle is <u=2.1> maybe I'm just lazy To work.. <u=2.2> <rep>Maybe.. <u=0.5>Yes <f=0.4>Uh so <u=2.1> <f=0.7>uh. <idn>uuh Apa yah.

A6

Well, it has been four months or almost four months is the coronavirus pandemic attack to our country. Well, I still remember when everyone <u=0.7> were not allowed to leave their house because of the lockdown <u=0.5> period. Oh my God. It was sucks because everyone <u=0.8> cannot hang out with their friends anymore or simply get their coffee at Starbucks <u=0.8>
Everyone needs to deal with delivery things. When it comes to order their food or shopping their groceries and worse, you cannot go to school or work. Everything was substituted by for tool meeting. ya. Thanks to the technology because we made it through online online, online, and online, everything were online.

That was the darkest day in history. Right? But luckily nowadays the quarantine days has elapsed. Now we were welcoming the new normal term whole protocol. Well, but there is a good thing The quarantine has given us because now people can learn to be more considered with their hygiene than ever before

Just look like everyone now Be more careful with their health. Everyone now, realized how important frequently wash their hands and keep their physical distance. Well, that's a good thing about the quarantine days, right? But since so new normal for me... FOR ME, if it's not necessary better Leave your house because it can prevent the spreading the germs. Oh my God, man. I get paranoid. It must be still dangerous outside because the germ's still spreading everywhere And it's weird, man, because I get used.

So luki actually the title of my research is diexis used in <U= 1,1> Donald Trump's speech to the United Nations General Assembly. <U=3.1> Actually this speech has intention and <U=0,4> purpose. So.. <U=2,8> I know that the diexis cannot be.. <U=0,8> Separated from every speech or even an utterance. So.. <U=0,5> that's why I choose this speech to be <u=1,1> <f=0,4> uh an interesting current issue. in my in my research. <u=4.0>

diexis cannot be <u=0,5> <f=0,5> uh separated from our self because without diexis the addressee <u=0,4> might misinterpret <u=0,5> what the speaker is saying.

A reference in an utterance that is not formulated clearly <u=2,2> Can cause misunderstanding to the hearer. <u=2,2>

So that's why I put my R-Q <u=2,1> As <u=1,0> What are the types of diexis <u=0,9> Used in that speech.

And the second is UH what is the reference <u=0,9> that are found in that speech.

I use UH descriptive qualitative method <u=0,4> to analyze my data <u=0,5> and the process of my collecting data <u=0,6> UH begin from. <u=2,0> Yeah.. <u=0,9> The first is <u=2,2> <rep> the first <f=0,4> UH aim that I use is <f=0,6> UH open the youtube channel <u=0,9> and then search for the full versions of the video <u=0,5>

Besides I also <u=0,7> <f=0,4> UH browse <u=0,7> the full transcript of that speech <u=0,4>

And after that <u=0,1> I remark <u=0,1> <sc> I mark <f=0,5> UH every word that contains of any types of diexis. And after <u=0,4> the data were collected <u=2,4>

I classified <u=0,6> every word that contains of any type <rep> any types of diexis into their criteria and analyze

<f=1.0>Umm okay <u=1.8>Thank you <u=1.4> I wanted to talk about <u=1.4> both <u=0.7>Pandemy and my graduate thesis <u=1.9>

Well <u=1.0>, when this pandemy began.. I choose to <u=0.6> going back <u=0.6> to my hometown in Toraja <u=1.6> <f=0.6>UHH, I think <u=0.5>if I spent my Pandemy in my hometown <u=1.2> I mean, I can enjoy the moment<u=0.6> without getting stressed because <u=0.7> I just staying in my <u=0.5> room <u=0.9> looking at the window days by days And..<u=0.5> Beside that <u=1.2> I think<u=0.5> that <u=1.0> I can finish my under graduate thesis in my own home <u=0.8>with my mom as my mood booster.

Well <u=1.0> that's all my plan <u=0.9>but <u=0.7> days by days. I do nothing. <u=1.5> <f=0.4>Yeah, I enjoy a moment <u=0.7>and I do nothing<u=1.5> <f=0.5>Yeah. Actually I want to do my thesis, but <u=0.6> this pandemy is suck. <u=1.5> I can't taking the data because <u=0.7> the school was on a Holy day because of this pandemy <u=1.4>and then, <u=0.7> <f=0.4>yeah, that's it. I can't take the data So <u=1.1> I have nothing to analyzed <u=1.2>
Okay. I'm Rani. I want to talk about the movie that I really liked than mo-uh than movie that i’ve been watch before. And I think all the people who like korean drama, it must be like this movie too. Uh, the movie were play in ninety eight eight.(trying to say 1988?) Uh, the whole story. Is all about friendship and the daily activity of society in ninety eighty eight(trying to say 1988), and the friendship are have five members, uh, for Jim are a boy and one of them is a girl a girl a girl. And then this movie also talk about their each problem of their family. And it's not just about that
this movie also uh, talk about the romantic part. I mean that fell 2 person off this friendship. And it max EE this fie them have, So there are part of this movie are have setting in two thousand and five teen (trying to say 2015) in this year? Uh that couple I mean, two of the Member of this friendship are talk about their story in eighteen in ninety eighty eight. I mean from day.

The first time I hear about COVID-nineteen is from Instagram And I saw some of people get confusions and it makes me feel like worry. It makes me. It makes me feel down because I worry how if this,
how if this can come into our country And in fact, now we refer it to China feel it

Um, a lot of people in our country Indonesia was died because of this COVID-nineteen. That's make our plan especially in our study is paused. And now we don't know how to deal with it because we just use some Masker and Hand sanitizer as safety as we can and what we have, if we can, um go into do an activity, to get money So just deal with it and just pray so that this COVID-Nineteen will finish.

Ok. My name is Muhammad Agung Rimba Maha Putra and I would like to talk about the um the ineffective infectivity of online learning specifically in Unhas.

So What I'm trying to tackle here, it's I think a lot of students shared the same sentiment that I shared.

And umm I don't know, maybe this is too harsh. Maybe not. But I think it's safe to say that online classes the'yr bullshit. They are not in any way, shape or form a replacement or formal physical meeting that had occurred in the campus.

So and it has greatly affected the academic performance of a lot of students, in my personal opinion. And I think it is a great mistake. I mean, it is unavoidable. We have to... There are no other options than doing online classes. But it's still very ineffective.

And I don't know, it's just... at least for me personally, it affects my performance

I have no spirit whatsoever. have no intention whatsoever in attending online classes because they are pointless The least to say. I don't know. I just don't get the gist of it. Maybe it's because the lack of face to face, the lack of direct interaction between me and the facilitator, a.k.a. the lecturer, or maybe it's just maybe we are just not ready.
So, for example, in my case, I only have two active online classes, maybe three. But the rest of it, they are fairly inactive there. Oh, they're only there. They are only there. They don't even have classes. They just gave away random assignments, which doesn't even. I don't know. It's just I don't get anything from online classes.

And that is why it's a very ineffective method of teaching.

Maybe, maybe not ineffective. But for us, we are not yet ready to be having online classes in our

Oh my god, I don't know how many times I've been recording and deleting myself back and forth because it's really awkward for me to talk through phones, oh my god I'm sorry.
anyway. I want to talk about what I've been doing so far throughout this pandemy.

**UMM** I've tried some new recipes, recipes that I've never tried in my life.

There's no special recipe actually. You can actually buy it on Gojek or grab. But I feel like if I'm wasting my money, wasting my time spoiling to gojek why not filling my free time. Because I'm gonna try those. Right. And it saves my money.

It’s a plus point. But it left me-l. Backbone hurt pretty bad.

Thank God. I guess I really like robotic, i dont know its really awkward I'm sorry.

Besides try trying new recipes.

I never knew that, Pandemiy has turn into into not a fraction of myself, Because before this happens, before this whole thing happened. I never see my, i never saw myself. I never liked myself sitting on my bed bingeing to movies.

I didn't not like it. But in this pandemy. Oh my God. I finish like more than I think series and movies within only a week.

Oh my God.

What an achievement. Achievement unlock

<f=,5>Uh, lately I've been into like romantic comedy <u=0,7> or classic films, like nothing Hill. <rep>Have you, have you ever watched that? Nothing hill it's it's about, <F=0,7>um, a pop star from America. I guess... she went to England, actually... a bookstore in England... who ran by this British, <f=0,6>uh, <sc>British man, which is very sexy, I guess. No who doesn't like British <rs>act-accENTt? It's just suddenly <u=0,9>the.. <rep>the men invited <rs>the gi-the girl into his apartment, because <u=0,8> he like.. he pour coffee into her <u=1,5>shirt, but it was unpurposely of course.. And then. <rs>At the end of the the, at the end of the first meeting, the girl kissed the boy, <ssc>the man.. I mean, Oh my God. It's so- and then what else? <rs>>I don't really, I don't really know how to describe the movie because I don't describe things very well.
I guess I like the movie because it's first it's British. It has British accent. I really love british accent. I mean, it's so sexy, i mean. Can you, can you just... I mean, I could listen to people, men, especially speaking in British accent, it can turn me on i l know its inapproparate like really it's so sexy. It goes, it goes to with a French accent. But not French accent,. I don't really like French accent because it sounded weird. I guess the language itself, one of my goals.

Today, I want to talk about this pandemy Covid corona virus, or covid nineteen in Indonesia, the coronavirus itself for I had heard from world health organization and also from the media that this virus is can spread so quickly and also can kill people. So this virus is very, very dangerous. From what I heard and see and watch in the news that this virus in Indonesia is very very fast spread because the
Indonesian people is not aware that this virus is very, very dangerous. So I think the government must be telling or educate their people to do more psy-physical distancing. Always wear a mask. Frequently washing their hands. So on. I think the easiest way to avoid to get infected by this virus is just stay at your hous-home, avoid the crowd people. And also when you get out to your house, never touch your face with your hands because the virus can enter your body through your nose, mouth or your eyes. So. Wear a mask.

So this time, I'm going to tell you a few things about my beverage music, gender, and maybe it's also related to pop culture. Uh, it's true that I have loved people for a long time, but before entering depth work, I have like J-pop, since I was little. So I think this time, I will tell you a little thing about Jacob, according to what I have experience.

It started when I like one thing, Japanese cartoon, which are called anime since that time, I'm not sure like the whole story, but also listen to their soundtrack music. I have heard that combining anime is schedule illogical because they are in different categories. But I think it seems related because I need my soundtrack and also Jpop cool.

When I listened to it, I always feel amazed and goosebumps all the time. So I got used to listening to Japanese songs and increasingly love it. Um, I began to listen it often from time to time until they, I have a problem that is only certain people who can follow JiPOP when I want to listen to one of the songs from a greatest soloist in Japan. Uh-um

Her name is Lisa. I cannot find a music video on YouTube. I can only find it in deep of Asia. Uh it's uh, we do a sharing platform like YouTube, but it's defaulted to Japanese music listeners only. apparently, when I want to play the video, they don't seem to give me permission to play it in full version.

They only let me to play for up to one minute. If you want to play the video in full affection, it's mandatory for you to craft an account And what makes it worse is you need to have an email with a Japan-US domain to be able to the same, as far as I know, do you have enough milk and only be up then when you are located in Japan?
So I'd like to share my \( <f=0.5>UUH <u=1.2> \) new normal activity during quarantine, as we know that now \( <u=0.6> \) the days \( <u=1.3> \) we are hunted by most dangerous virus and contagious \( <u=0.5> \) virus that is Covid nineteen actually is a kind of \( <u=1.3> \) not too \( <rs> \) dangerous or \( <sc> \) virus because \( <u=0,8> \) it's similar to \( <f=0.6>UH \) influenza. But why? It's very \( <f=1.5>UUH \) dangerous or \( <sc> \) harmful to us, because \( <u=1.7> \) the scientists haven't found the vaccine for it \( <u=2.3> \) And \( <u=0.6> \) now I will not talk about covid any more. But I will tell you what my new normal activities during the quarantine, well before this \( <u=0.7> \) Covid nineteen occur in the world like \( <u=1.2> \) I used to go to campus, go to \( <u=0.6> \) \( <rep> \) market freely without any mask, without any awareness \( <u=1.2> \) about anything, \( <u=1.2> \) especially \( <f=0.9>UHH \) a disease. But today, \( <f=1.4> \) everything has changed. Like \( <u=2.5> <f=0.5>UUH \) whenever I go I have to wear a mask \( <u=1.1> \) and after \( <u=0.7> \) going somewhere, I have to take a shower or wash my hand \( <u=1.3> \) And then \( <u=2.4> <f=0.6>UHH \) it's kind of \( UH <u=0.8> \) Weird on me because I never do
that. **I never**, I Never wearing masks before or **sing hand sanitizer like that.**

So my name is Mardi Handayani and I'm gonna tell you about **my thesis.**

So my thesis is titled American young people behavior in France Scott Fitzgerald. And his novel is”tender is the night”.”Tender is the night” is **published in nineteen thirty four** and it is American—**American novel.** The novel, show us about the psychiatry and his patient, the psychiatry name, big diver, and his e-x patient, and also his wife named **Nicole Warren.**
And this is also tell us about the violent ethic code about professionalism in psychiatry, because in the psychiatry they cannot fall in love with his patient. And what I'm going to tell in my thesis there are bad behavior in his novel because mostly in France the novel Show us about alcoholism, hedonism, materialism and et cetera. Umm, and the second that I'm going to tell it in my thesis is the correlation with the author’s background, the authors is France Scott Fitzgerald. And the last, the resistance that I have now is I'm like offer friends, especially for the theory, the theory that I'm going to use, Is genetic structuralism approach and also about social issues.

I want to talk about analog games. In my opinion, analog games is so much better than online games because you know, in online games, you only talk in front of your phone or your computer, but with analog games, you talk with real humans. Here you can even hit him. If you want, different way online game, how can you hit someone online?<u=0,9></u>

there are so many kinds of analog game from board game to trading card game, uh, and which I play is trading card game called M.T.G or medic together.

I only played for about three months now, three or four months. The community here in Makassar is so friendly that even though you are a beginner, they always teach you. They help you to improve how you play. So. At first, I don't really know how to play it. So you guess it. I always lose against the senior at the community place, but right now, recently I placed at the second

I placed at the second in the tournament held by that community. I was happy I got the price, but the most interesting part of that, all the senior were
surprised to see me beat them. \(<u=1,1>\) Their faces was priceless. \(<u=1,1>\) That's what you can get with analog game.

This pandemic is really bad. \(<u=0.9>\) It's really killing us. \(<u=4.1>\)

It's been \(<\text{inv}>what<\text{inv}>\) four, five months from the first case? \(<u=1.2>\)

\(<u=3.7>\) it's been killing us, literally killing us \(<u=1.2>\) and mentally, and then economically, \(<u=3.2>\) because. \(<u=2.9>\)**Well, this virus is killing people.** \(<u=1.1>\)

And so let's just talk about \(<u=0.5>\) \(<\text{inv}>the what is it?<\text{inv}>\) and the mentally \(<u=0.9>\) people are getting bored in their home \(<\text{ssc}>at their home<\text{ssc}>\), \(<u=3.5>\) watching bunch of movies, \(<u=0.8>\) playing games all day \(<u=1.1>\) And \(<\text{inv}>I don't.<u=1.0>\) They're getting bored.
They need to interact with people like HanG, really hanging out with them. And that's, if they don't follow the protocol, which is, it is better to stay at home, they are spreading more virus if they get one and economically reason is,

Oh my God, Many. My frie...My friend and even my family has been fired because their bosses can not really pay them. Yeah.

Yeah. I think This frenemies real bad, man. God help us all.

Okay, since Luki, has given me the freedom to choose whatever it is. I want to talk about. I want to talk about hamsters or small mammals in particular. I don't know. Uh, but hamsters. Yeah, hamsters hamsters there is a few species of hamsters. There are Syrian hamster, wild European hamster. There are also winter wild hamsters and roborovski hamster cam bull and Chinese And Russian dwarf hamster
For Syrian hamster itself, there are a long hair Syrian hamster, and short hairs Syrian hamster. There are also, they are also divided by the color of their fur there is satin and dove bended, cream bended, Panda bear, and et cetera. However, my personal favorite I cannot lie is the female Syrian hamster.

They are just lovely, but they are not so easy to please, since you know hamster are not... Still, I don't know, still wild in particular aspect in their lives as a pet, because they haven't been domesticated for so long it's... I think they just about eighty years since the first time people taken their home and domesticated them and try to pet them and to keep them as a pet

And so that's why hamster is. Still need bigger, a large unbroken floor space cages for them in the their enclosure. And they also need bigger wheels. They also need,
